

# Articulating Stanchion

## Articulating Stanchion

American Seating presents the Articulating Stanchion, an easy-to-use passenger assist that provides passengers with a vertical grab rail in the event of a sudden stop, while maintaining current seating layouts and designs.

### Features

- Quick and simple to use for both the bus driver and the passenger
- Provides a passenger assist for ingress/egress
- Stores out of the way when the mobility aid securement area is in use
- Easily added to existing bus layouts to maintain current seating capacities

### Options

- Flip-up seat or floor mount
- Grab rail – stainless steel (standard) or caution yellow powder-coat finish
- Trim pieces – Caution Yellow (standard) or 980 Grey
- Upper elbow connection bracket
- Black or Yellow 1/4" closed cell textured polyurethane foam grab rail cover
